

UAW Local 4121

4500 9th Ave. NE, Suite 300 • Seattle, WA 98105 • 206.633.6080

"But it will also be the responsibility of colleges and universities to control spiraling costs. We can't just keep on putting more money in and universities and colleges not doing their part to hold down tuitions." – **Barack Obama, Remarks to the Hispanic Chamber of Commerce, March 10, 2009**

"Now is the time to act boldly and wisely – to not only revive this economy, but to build a new foundation for lasting prosperity. Now is the time to jumpstart job creation...and invest in areas like energy, health care, and education that will grow our economy." – **Barack Obama, Address to Joint Session of Congress, February 24, 2009**

March 18, 2009

Dear President Emmert:

We, the undersigned members of UAW Local 4121, are Academic Student Employees who work in more than 120 departments and hiring units across all three campuses and satellite locations of the University of Washington. As of today, we constitute a majority of the more than 4,200 ASEs currently working at UW. We urge you not to reduce the quality of research and education at the UW in response to the current state and national economic crises.

Specifically, we urge that you:

- Do NOT cut the number of jobs for Teaching, Research and Staff Assistants; Trainees; Fellows; Readers; Tutors and Graders.
- Do NOT increase tuition.
- Do NOT increase class sizes, reduce course offerings or cut tutoring services.
- Do NOT reduce recruitment and retention efforts.

Academic Student Employees provide much of the front-line research and education services that make ours a great University. Preserving excellence in research and education is of utmost importance to us, and will help the state and nation grow out of the current economic crises. Making cuts to research and education will only exacerbate these crises.

We invite you to coordinate your efforts with ours to achieve our mutual goals. Please contact our Union's leadership to discuss these matters.

Sincerely,

NAJLA NAEEM ABDURRAHMAN
