Dear Union Siblings,

Please accept this official notification that you are sanctioned by the Martin Luther King County Labor Council to strike the University of Washington effective immediately.

Your pursuit of a fair contract for your members is an inspiration. We wish you success on behalf of all who toil against the burden of inflated rent costs, for equitable application of healthcare, and the need for quality mental health benefits for all workers.

Please let us know in what way we can assist you in your efforts.

Sincerely,

Nicole Grant
Executive Secretary Treasurer
MLK County Labor Council
